THE FITD CONCEPT

One Screen. Every Door.

02

The FITD concept is built on a single principle: one centrally mounted iPad controls every compartment in the entire installation — regardless of how many units, rows, or doors are configured. There is no limit to scale.

Each compartment door is flush, handleless, and numbered. Access is granted exclusively through the central smart screen using fingerprint recognition, facial recognition, PIN code, or remote unlock. Once a user collects their item, that compartment's

authorization expires

automatically

Built for Every Sector

ATHLETIC LOCKER ROOMS
FITNESS & GYM

01

FITNESS & GYM

Designed for high-traffic athletic environments. Vibrant color-coded compartments allow members to quickly identify their assigned locker.

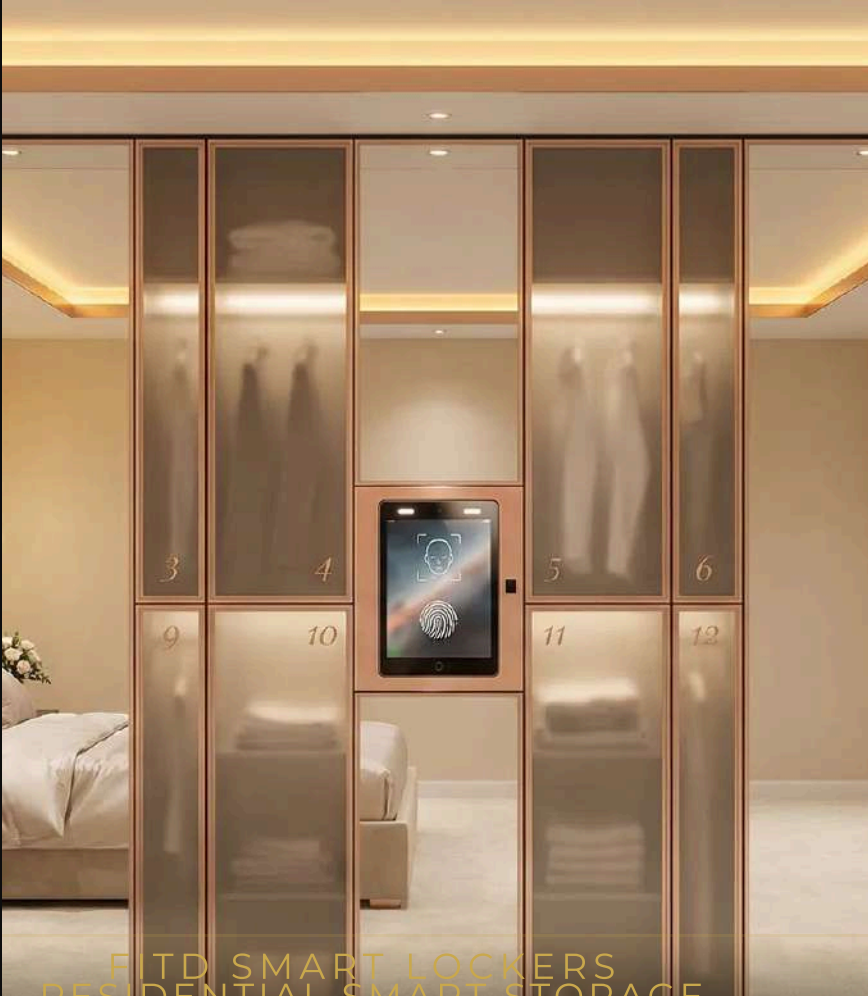

- ◆ Sweat-resistant powder coating
- ◆ Single-use session access
- ◆ Mobile app integration
- ◆ Real-time availability display

02

BEDROOM WARDROBE

Floor-to-ceiling frosted glass and mirror wall wardrobe with rose gold frames. One central iPad with facial recognition access.

- ◆ Frosted glass + mirror panels
- ◆ Rose gold aluminium frames
- ◆ Family access profiles

FITD SMART LOCKERS
RESIDENTIAL SMART STORAGE

Built for Every Sector

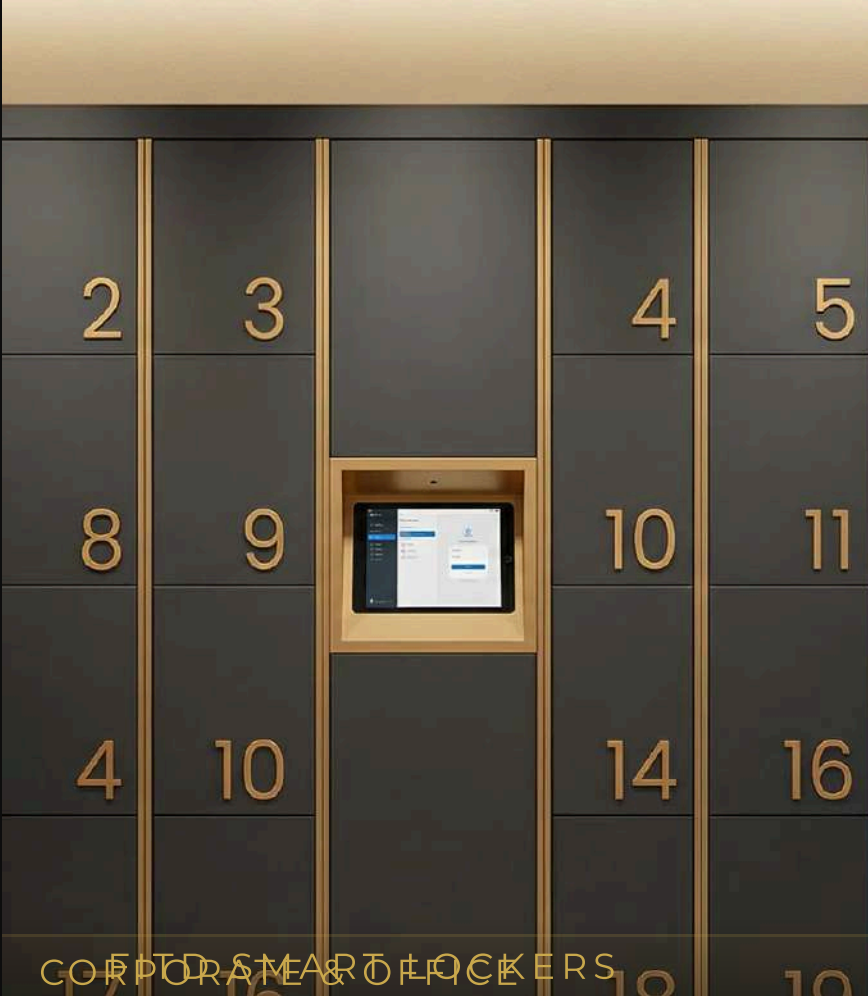

03

BANK SAFE DEPOSIT

Built to the highest security standards. Navy blue metallic doors with engraved silver numbers. Multi-factor authentication governs the entire vault.

- ◆ Triple-factor authentication
- ◆ Audit trail & access logs

04

OFFICE DOCUMENTS

Sleek corporate locker walls for secure document and personal item storage. Charcoal finish with amber accents for a premium office aesthetic.

- ◆ Department-level access control
- ◆ Individual PIN per employee
- ◆ Patch unlock for teams

Built for Every Sector

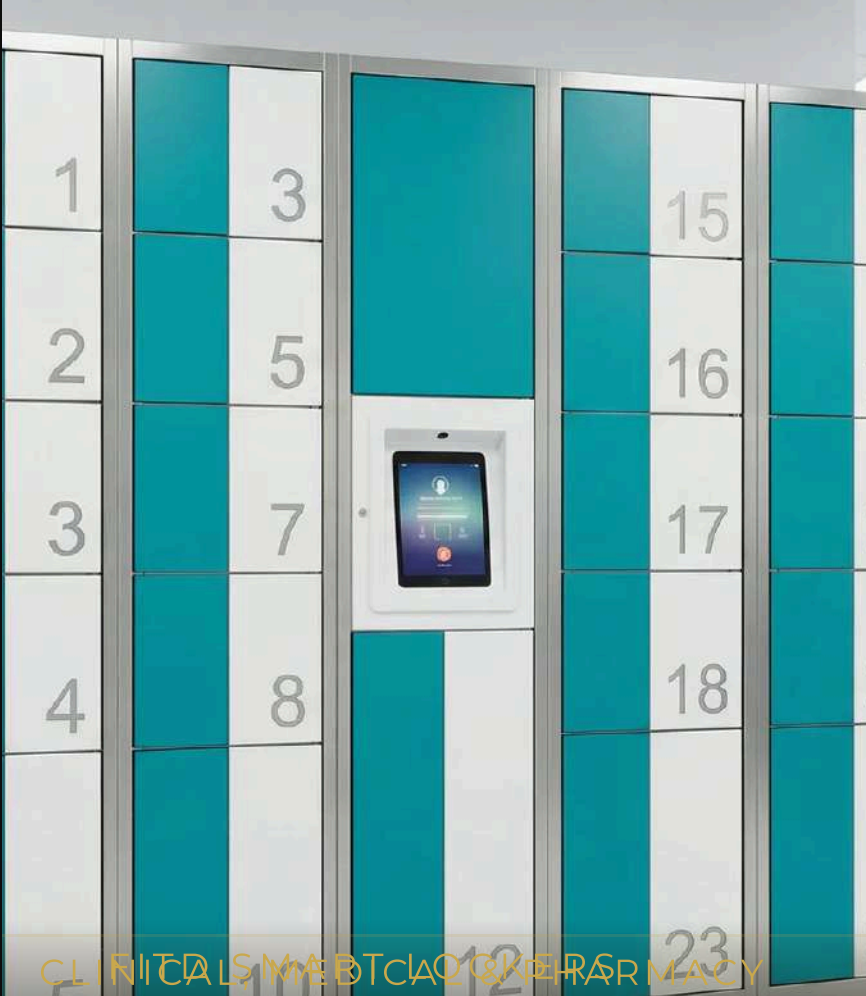

06

SPA & BEAUTY

Rose gold framed tall cabinet with crystal-clear glass doors. Illuminated shelves display nail polish, UV gel lamps, and beauty tools — organized by numbered compartments.

- ◆ Transparent glass display doors
- ◆ Staff-assigned compartments

05

HOSPITAL & PHARMACY

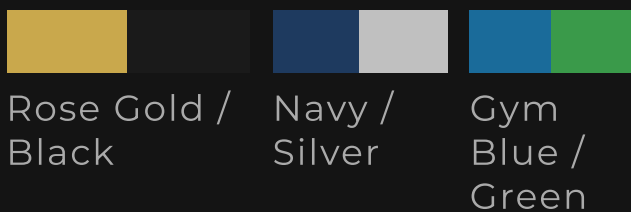

Floor-to-ceiling teal powder-coated locker wall for high-security specimen and equipment storage. Numbered flush doors with biometric access.

- ◆ Sterile flush surfaces
- ◆ Chain-of-custody logging
- ◆ Temperature-compatible design

Your Color. Your Identity.

Every FITD installation is powder-coated to your specification. Door colors are chosen to match the purpose and environment — from bold athletic palettes to clinical whites, from institutional navy to residential champagne gold.

The body frame and door panels are independently configurable, allowing for dual-tone combinations that reinforce brand identity or sector aesthetics.

Overall Width: 83.5 cm
