

FitDog Treadmills

WHY DAILY CONDITIONING MATTERS

DAILY EXERCISE IS THE FOUNDATION OF A HEALTHY, HIGH-PERFORMANCE DOG

- ✔ Strengthens muscles, improves cardiovascular health, and maintains optimal body weight.
- ✔ Reduces behavioral issues like anxiety and destructive habits by channeling energy.
- ✔ Builds endurance, improves gait, and accelerates recovery for working and sport dogs.
- ✔ Allows precise, controlled workouts regardless of weather or space limitations.
- ✔ Veterinary studies confirm regular structured exercise leads to longer, healthier lives.

THE POWER OF RUBBER: WHY MATERIAL MATTERS

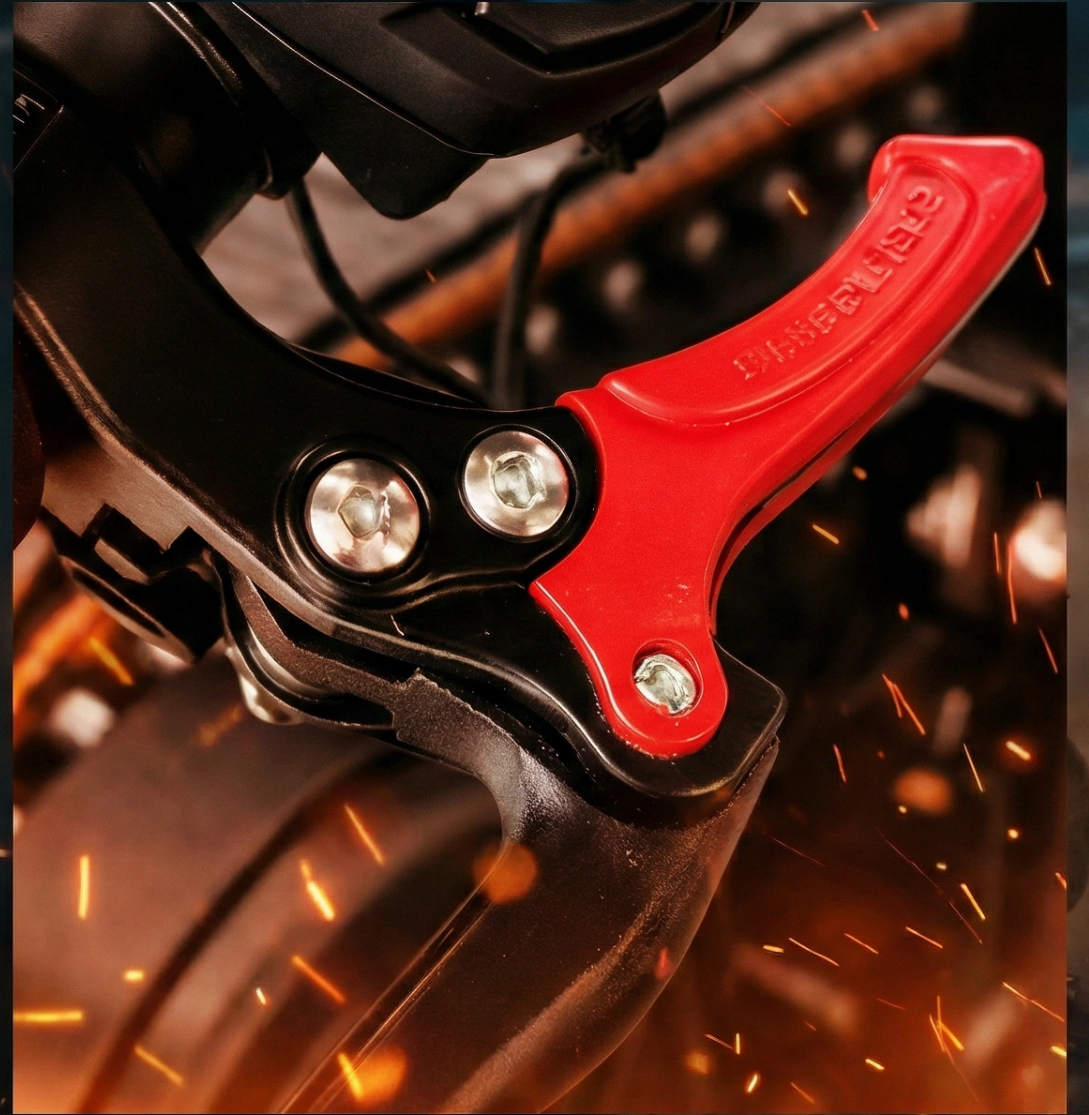

Premium Rubber Surface Delivers Superior Grip, Cushioning & Durability

- Natural traction mimics real-ground running, reducing slipping and joint stress.
- Absorbs impact, protecting paw pads and reducing long-term joint wear.
- Self-powered belt responds to the dog's pace for natural biomechanics.
- Heavy-duty construction resists cracking and stretching for years of use.
- Textured surface provides consistent grip across all speeds.

Precision Braking System

- ✓ Instant speed control for complete safety
- ✓ Adjustable resistance for varied workout intensity
- ✓ Ergonomic design for quick access
- ✓ Heavy-duty construction for reliable stopping power

FitDog Treadmills

BUILT-IN DIGITAL SPEEDOMETER ENABLES DATA-DRIVEN, PRECISION TRAINING

- Real-time speed tracking in km/h
- Set specific targets for warm-up and sprints
- Track performance trends over time
- Prevent overtraining by monitoring intensity
- Compact display mounted on handlebar

ADJUSTABLE FRONT LEG HEIGHT CUSTOMIZES INCLINE FOR TARGETED MUSCLE TRAINING

- **SIMULATES UPHILL RUNNING** for increased workout intensity.
- **ACTIVATES HINDQUARTERS, CORE, AND SHOULDER MUSCLES** more deeply.
- **SLIGHT DECLINE SHIFTS EMPHASIS** to front assembly and stretches back muscles.
- **TOOL-FREE ADJUSTMENT KNOBS** allow quick, precise changes.
- **SUITABLE FOR ALL FITNESS LEVELS**, from rehabilitation to elite conditioning.

HEAVY-DUTY TRANSPORT WHEELS MAKE THE FITDOG TREADMILL FULLY MOBILE

- Effortlessly reposition between rooms or outdoor spaces without lifting.
- Robust construction supports full weight on uneven surfaces.
- Maximize space efficiency with compact storage and instant deployment.
- Perfectly balanced for a single handler to move with ease.
- Rubber-coated wheels protect premium flooring from scratches.

Three Professional Sizes — Engineered for Small, Medium, and Large Breeds

Large Pro: 190 × 56 × 140 cm

(Ideal for Large & giant breeds — German Shepherd, Rottweiler, Malinois, Greyhound)

Standard: 175 × 54 × 140 cm

(Ideal for Medium-large breeds — Labrador, Husky, Doberman, Border Collie)

Compact: 110 × 52 × 120 cm

(Ideal for Small & medium breeds — Beagle, Cocker Spaniel, French Bulldog, Shiba Inu)

Each size shares the same premium rubber belt, precision braking system, digital speedometer, height adjustment, and transport wheels. All models are built to the same professional standard.

Every FitDog Treadmill Delivers a Complete Professional Training Solution

Key Features at a Glance
